

VECTOR SOLUTIONS

(ISO 9001:2015 CERTIFIED)

Plot No: 2, Kamarajar 5th Street, TASS Industrial Estate, Ambattur, Chennai – 600098.
E-Mail: sairamuresh@vectorsolutionsindia.com Ph: 9677256822 www.vectorsolutionsindia.com

Vector solutions, a professional organization with quality management system certified by ISO 9001:2015.

A team of young and dynamic professionals having wide experience and core competence in providing solutions for all electrical Turnkey projects.

We are specialized in providing solutions for

Power Quality Solutions / Harmonic Mitigation Solutions

We design and develop suitable Active harmonic filters, detuned filters and passive filter to meet out any site conditions.

Power Factor Correction System

We design and develop suitable solution for power factor correction with Contact based Switching and Thyristor based Switching.

Energy Management System

We design and develop customized Energy Management System as per client's requirement.

- We also offer various types of Transducers (V, I, KW, KVA, KVAR) and Signal Isolators for Automation projects.
- We offer reliable, cost effective and optimistic solutions to meet out our customer requirement.

We also offer Protective relays such as Earth Fault Relay, Earth Leakage Relay, Voltage Monitor Relay, Over current and Earth Fault Relay for all critical applications. We also offer ACCL for residential projects and reverse power relay for Solar projects.

- We also offer power electronic capacitors for UPS, drives and Inverter applications.

Our Vision is to be a single source for our customer for all their electrical power and process measurement and power quality solution needs.

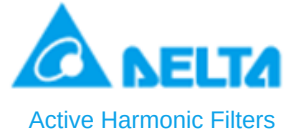

We value our customer relationship with our utmost care post sales and service.

Assuring you of our best attention and dedicated services at all times. Eagerly looking forward to receive your favorable response to render our quality and valuable services to you.

With Warm Regards,

R C Sai Ram Suresh, CEO

Authorised Chamel partners:

- Earth Fault Relay
- Earth Leakage Relay
- Voltage Monitoring Relay
- Over current and Earth Fault Relay
- Reverse Power Relay

Authorised Vendor of:
